

2020 Newsletter for 2.75 Classroom

February was a month to celebrate; we had four students who turned 3 years old (Lauren, Ben, Addison and Edwynn) and we also had a fabulous Valentine's Day Party! Thanks again to all those who contributed food and their time to make a memorable party for our classroom. March also starts off with a Birthday celebration. The first two weeks of March we will be engrossed in Dr. Seuss, aka Theodor Geisel, whose birthday is March 2nd. We will be reading such Dr. Seuss classics as *Hop On Pop*, *One Fish, Two Fish, Red Fish, Blue Fish* and *The Foot Book*. We will be measuring and painting with our feet and we also will be making a Cat In The Hat hat. During the last weeks of March we will be focused on the theme of Spring. Activities that we will be doing include making egg carton flowers and planting and observing different types of seeds (vegetable, herb and flower).

Family Connection

Theodor Geisel wrote over 60 children's books that have been translated into 15 different languages. Did you have a favorite Dr. Seuss book when you were a child? If so, share that book with your child and tell him/her why you liked it so much. Was it the illustrations that Mr. Geisel created or his clever use of rhyming words? In addition, take time as the spring season approaches to look for signs of spring with your child. Look for the first robin of 2020, the first tulips and buds on the trees and listen for the singing birds in the early morning. How many robins can you and your child count in your yard on a given spring morning?
