

October 2021

Lakelands's Little Learners
School-Age 2 Newsletter
Ms. Jacinta

From September into October

During the first month of school, we spent time getting to know each other and our classroom. We had fun sharing our favorites, discovered that many of us love ladybugs, and that there's several future teachers and veterinarians in our class.

We put together a time capsule and contributed something of ourselves to it. Can't wait until we open it back up the last week of school!

October will be all about animals, those in our everyday lives, those that we may see in zoos, and the multitudes living in the wild.

Using different parts from different animals, we will create our very own species. These will be put on display in the hallway for everyone to enjoy. Our very own cards will be made for those who are currently in Hospice to bring them a little joy during these times.

Dates to Remember

October 28th—no 4k-5th Grade-Contact the office to arrange care for your child.

October 29th—No School for EASD—Contact the office to arrange care for your child.

Family Connections

Fall has finally arrived and with it the leaves have begun to change, pumpkins are here, and farmers have begun their harvest.

If you would like to experience all of these things enjoy a ride with your family through the countryside. Roll your windows down and enjoy the cool fall air before it gets to cold. You might even spot a flock of turkeys or a herd of deer.

If you've picked out a couple of pumpkins, head back indoors and come together to bring your pumpkins alive, for fall or Halloween. You may want to help carve out your child's design or gather supplies so that they can paint it.

Important Reminders

Please complete and return parent surveys and family questionnaires by October 15th. These are a part of your child's portfolio and will help me to connect with your child and to know what you would like to see out of their time here. If you need a paper copy I can get one of those for you. This is the last of the paperwork for the year!

Masks need to be worn while in the building. Please make sure to send one with your child.
