

Lakeland's Little Learner's January 2020 Tibbets Wrap- Around News

Welcome back, I hope your holidays were wonderful and restful. The coming of a new year is a time to set goals. Talk with your children about what goals they could set for themselves: reading every night, keeping room picked up, remembering all the things needed for school, going to sleep on time, etc. In addition to this, you could set a family goal.

Remember with the winter weather we still go outside and all five items (snow pants, hat, gloves, boots, and coat) are required in order to play in the snow and leave the blacktop. Let's hope we get some snow!

We are having a Panera Bread fundraiser! Visit the Delevan location on Monday, January 13th from 4:00 to 8:00. You must present the flyer or show an electronic version. If you would like a flyer I have one at the Wrap-Around or you may get an electronic version off the Lakeland's Little Learners website.

The public library offers some excellent programs for school-aged children. Some that I saw that might be of interest to your child are Rock 'n' Read, Bookaneers, Free Lego Build, and Paws to Read. If any of these sound interesting to you, check out the Matheson Memorial Library page!

The Elkhorn Area Schools are closed on January 20th, if you need a fun, safe, activity filled day for your student; make sure to schedule with the main center on or before 10:00am, Friday January 10th. (262-723-8391 or info@lakelandslittlelearners.com)

Looking forward to getting back into our routine and to continue with the excellent year we have had so far. We had a great time last month making Christmas ornaments and snowman. January will find us learning about New Year celebrations, the Winter Solstice, coloring, gym games, and outdoor snow play.

Parents please DO NOT forget to contact us when you are not attending your regular scheduled times, it causes confusion and safety issues when we are not contacted.

Thank you,

Mrs. Sawyer
